

# ELISHA LEE

UI/UX Associate Manager

## SUMMARY

Experienced UI/UX manager with over 10 years of experience in many different major companies, such as LG, Hyundai Motor, Pantech, Korean Air, Hanjin USA, and Forever 21. Highly self-motivated professional with proven ability to identify, analyze, and solve problems effectively.

## EXPERIENCE

### Forever 21 – UI/UX Associate Manager

Los Angeles, CA | 07.2014 ~ Present

Involved in a lot of complex projects to meet the company's business goal. Recently revamped Forever 21's US Website to RWD (Responsive Design) according to my proposal. Researched pros and cons, analyzed competitors, and created new business strategy to convince executive team. After implementation, the company's sales revenue, UPT, traffic, and conversion rate have increased. Most importantly, mobile conversion rate skyrocketed from average 1.03 to 1.98.

- Provide vision, direction, and lead UI/UX team.
- Define design strategy, style guides, and UI/UX development to drive efficiency and consistency into our user experience.
- Develop new business model to help improve sales revenue from scratch.
- Create key design deliverables such as wireframe, user flow, mockup, and prototype to present and defend design to executive stakeholders.
- Create UI code - HTML, CSS, JavaScript, and jQuery for rapid prototyping.
- Collaborate with outside vendors and agencies on projects.
- Research and analyze UI/UX trends, competitors, and strategies.
- Evaluate user feedback received from Customer Service and reviews on Web & App.
- Conduct A/B testing to improve UI/UX and increase conversion rate.

235 S San Pedro St. LA, CA 90012
